Total 180 ECTS	GOAL: In order to stay on schedule, you should finish modules of about 25 Credit Points per semester!				

You've already planned out exactly how your course schedule should look? Wonderful! You can work on a number of modules at the same time or one by one.

As you begin your studies, choose modules that are of particular interest to you or that you can use directly in your job. This motivates you and helps you succeed right from the start.

A module with two courses consists of an introduction and a consolidation. In order to successfully complete a module, you must successfully pass both the introduction and the consolidation of the module within the framework of a module examination.

Elective Module III:

- Data Engineer
- Data Analyst
- AI Specialist
- International Marketing and Branding
- Applied Sales
- Supply Chain Management
- Financial Services Management
- Smart Factory
- Automation and Robotics
- Autonomous Driving
- Foreign Language Italian
- Foreign Language French
- Foreign Language Spanish

NOTE:

Every elective module can only be chosen once.

* All the modules that have been unlocked for the Online Exams can be found in CARE.

NOTE:

If the result of the recognition exam is still pending, you should not choose any courses that you have applied for.

E	Exam (monthly at study centres or anytime via the online exam*)
